

Position 2

The Department of Educational Research Center of Research and Advanced Studies of the National Polytechnic Institute

Cinvestav-Sede Sur

Departamento de
Investigaciones
Educativas

invites Mexican nationals as well as researchers of other nationalities to apply for a graduate level research-teaching professor position. Interested candidates should submit evidence of academic degrees earned and other documentation relevant to professional experience.

Requirements:

1. PhD degree in the Social Sciences or Humanities
2. Academic publications (include up to three recent publications)
3. University-level teaching experience
4. Interest in basic research and in collegiate academic activity

Useful background experience:

1. Academically oriented teaching and research experience
2. Member of SNI (Mexican National System of Researchers)
3. Professional recognition in the area of Educational Research
4. Participation in international professional meetings, associations and/or collaborations
5. Postdoctoral position
6. Thesis advisor
7. Familiarity with the Mexican national system of public education
8. Other professional activities and ties to the community

The ideal candidate will fit one of the following profiles:

Academic training and experience with educational research at the primary, secondary and/or high school levels in one or more of the following areas: learning and/or teaching, school management and planning; experience in development of research based educational projects, and in follow-up and evaluation studies of national educational projects for primary and secondary level education; research on primary school teacher training.
